NikkiBushTV Episode 3:
Toys and games for babies and pre-schoolers

- **Learning Resources Design & Drill, R575, ToyTalk.co.za** - Wow, a creative construction set that provides children with a similar experience to using a pegboard for fine-motor co-ordination activities but with the fascination of using a battery powered drill! It will get young designers drilling colourful patterns of their own into the design board or following the patterns included in the booklet. Copying a picture is an acquired skill, as is being able to create freely from one's own imagination. This product allows both to happen. Fabulous for stimulating gross motor skills in the shoulders and arms for holding the drill in place, and fine-motor skills for switching the drill bits and pressing the 'on' and 'reverse' button.

- **Goldiblox Spinning Machine, R450, ToyTalk.co.za and independent stores -** The award-winning Goldiblox construction sets for girls have arrived! Goldie, the inventor, builds a spinning machine to help her dog, Nacho, chase his tail. By using spatial skills, engineering skills and problem solving, help Goldie build a belt drive machine to spin Nacho and all her friends. Includes a story book, 5 animal figurines, 1 pegboard, 5 wheels, 10 axles, 5 blocks, 5 washers, 1 crank and a ribbon. In the same series you will also find Goldiblox and the Dunk Tank and Goldiblox and the Parade Float.
